## Valentine's Day Dance

by: Arriana Bilton and Ehmany Turner

As most may know, the Valentine's Day dance was postponed because of an incident off campus. The staff decided to be safe and cancel the dance the night. But don't worry, the date has been moved! The dance is expected to be on Friday, the 23rd of February. Many of the students are excited for this event. As a new student to this school I had a few questions for leadership about the dance. Are we supposed to dress up? Bring dates or friends? Are we allowed to bring people that don't come to Buckeye? Luckily, you don't have to wonder much longer for these are the questions we asked leadership ourselves! The first question we asked is if we were supposed to dress a certain way. They assume that the girls would wear

## Valentine's Day

by: Steven Bryans and Andrew David

Valentine's Day is a day that celebrates love in the world. In China they celebrate it by having a festival called the Qixi Festival in that festival they celebrate the cowherd and the weaver girl, it is also known as the seventh day festival. And did you know that in Korea Valentine's day is only one of 12 love days because every month on the 14th is a Valentine's day? From the year 260 A.D people have celebrated Valentine by treating a loved one or a close friend to a dinner. In America people give gifts or cards to their loved one.

## WES Camp

by: Dominic Gannon and Luke Veenstra

Every year, the 6th graders take a one week trip to WES Camp. This year we are going to WES Camp from February 26 to March 2. WES Camp stands for Wiskeytown Environmental School. We will be going with Millville and Bend Schools. While we are there, we will learn to not be wasteful and to be responsible with the environment. We will go gold panning and hiking. We will see deer, bald eagles, fish, snakes, raccoons, and banana slugs. It's possible that we might see a bear! The 6th graders are all very excited to go to WES Camp and have a great time!

## Global Warming Part 1

by: Seth Cameron

Global warming is when too much carbon dioxide is let out into the atmosphere and some of the reason is that people tear down trees to make cities which the trees doesn't catch all the carbon dioxide to lead to the carbon dioxide getting trapped into the atmosphere . Some people believe that

global warming isn't true. Donald Trump is one of them. "I am not a believer," the Republican presidential candidate said on a radio

show in September. "Unless somebody can prove something to me, I believe there's weather." Donald Trump said on the Huffington Post. 56% of Republicans in Congress deny these atmospheric changes. More information on this topic will be leading on later.

dresses and the guys to look relatively better than they usually do. The second question we asked was if you were supposed to bring a date or a friend. They agreed that it would be a bit of both. Next, we asked if we were aloud to bring people that didn't go to Buckeye. They quickly replied that it was not allowed. They also let us know that there would be decorations, food, music and even a photo booth! It will be

\$5.00 at the door and \$3.00 being sold at recess. If you have bad grades, don't worry you can still go. The dance will start at 6:00 p.m and end at 8:00 p.m. The dance will take place in the cafeteria.

## Jumanji: A Movie Review

by: Alexis Variz and Stevie Lott

The movie Jumanji is a movie about four high schoolers getting a detention. One of the high schoolers

was snooping around and found the game jumanji. Then they plugged the game's CD into a TV they found in the room that they were in. Then **Continued on page 3**

they chose the characters they wanted. Once they pressed start game they started to get sucked into the game. They had to finish the game with only 3 lives, if they use up all of their lives then they can actually die. I don't want to spoil the movie but it is super funny. The first Jumanji movie that came out is a little different. Instead of the kids going inside of the game the game comes to them. The animals actually come to the house and invade them. Both of the Jumanji movies relate to each other in different way.

In my opinion the newest Jumanji is better than the older one.

## Meet Ms. Val

by: Jayden Duty and Kaydence Hayden

In this article you are going to get to know Mrs.Val . You might even learn some new facts about her. Mrs.Val is a

very nice person she is sweet to her students and staff. We asked Mrs. Val how long she has been working at

Posing from left to right: Dorothy Stritton, Ms. Val, and Jayden Duty.

Buckeye. She said she started in October 1990 and has been working here for 27 years. Mrs. Val started working at Buckeye when her oldest son was in Mr.Harvey's class. Mrs. Val also graduated from Buckeye in 1968. She was hired as a yard duty and eventually morning recesses became P.E classes. Now she teaches PE in the lower grades. They focus on exercise and staying healthy.

Before coming to work at Buckeye other jobs she had were, toll booth collector at Dallas/Fort Worth airport, medical billing office, Bridgebay Resort while also attending high school and college but the only school she has taught at is Buckeye. She said it is very hard to pick her favorite grade level because they all have good qualities. But most importantly she loves her job at Buckeye.

## Black Panther

by: Gabe Kelly and Ryan Jacoby

Black Panther is a PG-13 movies that hit the big screen on February 16th. The Black Panther is a superhero who is part of the Marvel series. The movie is rated 7.5 out of 10. According to IMDB, "T'Challa, after the death of his fathers, the King of Wakanda, returns to home ...to succeed to the throne and take his rightful place as king." We think this is going to be a good movie.

# Pandas

By Alexia Amore and Jazzmin Ham

What kinds of pandas there are

Did you know that there's 2 different kinds of pandas? There's the red panda and the giant panda. The giant panda is black and white. The red panda is red, black, and white.

What Do Pandas Eat?

Pandas eat leaves, stems, and bamboo. They drink water. Pandas also sleep 2 to 4 hours between two meals. They eat up to 27 pounds a day.

Habitat

Where do pandas live? Pandas live in mountainous regions of central China, in Sichuan, Shaanxi, and Gansu provinces. They also live in zoos. One zoo that has a panda is the San Diego zoo.

How many pandas are there?

Did you know that there were 1,864 pandas in 2014. Now there are 1,000 pandas. People are saying in 2060 there will be no more pandas left. The reason that there are only 1,000 pandas left is because their habitat is getting taken over by development companies.
