### **PRINCIPAL'S MESSAGE**

*Welcome back after spring break. With only 8 more weeks to go in the school year we are sure to have a busy spring.*

*April and May are our months for testing. We will do our final NWEA assessments for all students to measure their growth in math and reading over the course of this school year.*

*Also, beginning the final week in April, our students in grades 3-8 will be taking the state CAASPP tests. These tests are extremely important for your child and the school. We want to show the state how well BSA students are learning. Please help us, and your child(ren), out by making sure they get a good night's rest, have a healthy breakfast, and are at school on time ready to learn. It also helps them to have a positive morning at home, with less stress so they can focus on their testing and are able to concentrate fully. This is where parents can help the most. Please encourage them to do well, tell them that morning how much you care about them, love them, and believe in them. Positive words can go a long way. As always, if you have any questions or concerns I encourage you to contact the school office. I am always happy to meet with parents so that we, working together, can provide your child with the best educational experience as possible. Have a wonderful April and Happy Spring.*

*Sincerely,*

*Mrs. Daniels*

They will join with 800 other students to further learn about the various aspects of the Civil War. Students will be exposed to the life of the soldier, the weapons used and the politics of the era. This event is put on by the Reenactors of the American Civil War and is held at Dog Island Park in Red Bluff. Parents are welcome to attend as chaperones. A full reenactment will be presented over the 28th and 29th weekend. This is the 15th year this event has been held. See Mr. Barram for more details or if you are interested in joining us.
